

#TRANSFORM

#SECURE

#DISRUPT

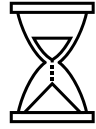

NIS2

- **It's the law, hence an obligation:** The new European Directive NIS2 is a response to the increasing dependency of critical sectors on digitization and their heightened exposure to cyber threats.
- **Obligations under NIS2:** Businesses are required to report incidents and implement preventive measures.
- **Enforcement, supervision & penalties:** NIS2 provides mechanisms for enforcing compliance with the rules and outlines penalties for non-compliance.
